**Antique Boat & Motor 11/16/2013**

Every effort has been made to properly identify each and every item on this catalog. Most items were identified relying on internet research. If you see an error PLEASE let us know! It is not our intent to mislead anyone but we all know that while the internet is a valuable resource, it may or may not be exactly accurate. If the item begins with "Antique" as a description then we are unsure of either year model, make, serial number or HP. If you purchase one of these items and can provide us with the correct information, we will gladly correct our paperwork before you leave the sale site.

For every item purchased that can be titled, you will receive the appropriate paperwork to complete the transaction. This includes receipt, Bill of Sale, Estate paperwork and forms for Texas registration. If you are from out of state and require forms specific to your state, please bring those forms with you and we will complete them after the sale.

Sales tax will not be charged on any item that can be titled/registered. Trolling motors, collectibles, manuals etc. will be charged 8.25% Texas Sales Tax.

Every catalog item will not have a corresponding picture. This is not an oversight. We will attempt to get photos of all cataloged items prior to sale date but at the time the photos were taken we may not have been able to get to the item well enough to take a photo.

If you have any questions or need any additional information please send us an email to sales@choateauction.com or call 940-691-3481. We will do what we can to assist you.
